

Agenda

Driving Social Responsibility in Seafood

RISEseafood.org

RISE Learning Module: [Suppliers- Getting Started with RISE](#)

Use or customize this agenda to start conversations about social responsibility within your company.

1. Industry landscape for human rights and seafood

- Legal expectations, liabilities, and international standards
- Competitors' actions

2. Your company's status on social responsibility and seafood

- Company actions to date or planned
- Seafood/ human rights risks to address
 - Business risks
 - Risks to workers
- Resource assessment
 - Staff currently supporting this effort
 - Budgets currently supporting this effort
- Gaps (all)

3. Next steps

- Resource allocation
- Key seafood groups or supply chains to prioritize for improvements
- Third-parties that can help
 - Consultants
 - Worker advocacy groups
- Define standards (e.g. align to international standards or third-party standards)
